## Transforming lives, strengthening industry & community

North Metropolitan TAFE (NMTAFE) is the largest training provider in Western Australia operating as a government funded and regulated training provider.

### About NMTAFE

Over 120 years of training experience.

An established history of relationship with industry to address skill development and workforce planning needs in Australia and internationally.

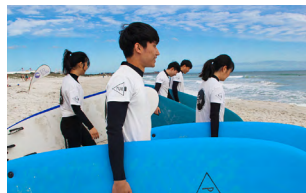

Extensive experience in delivering training to international students and to over 4,500 Culturally Linguistic and Diverse clients a year from our campuses.

Significant experience in developing and delivering training solutions to offshore clients.

An extensive network of relationships with schools, higher education providers, community groups, professional associations and business to ensure the college can facilitate meaningful articulation pathways for students.

### Our services

#### Project advice and management

We have the capacity to manage large training projects underpinned by highly experienced staff and quality project management systems.

#### Training systems and frameworks

We have expertise in designing and implementing vocational education and training systems and frameworks, including competency based training and assessment systems and quality assurance and improvement systems.

#### Training design and development

We have extensive expertise in training design and development, including:

- Delivering innovative training programs and deploying both accredited and non-accredited courses and micro-credentials in an online or classroom environment.
- Designing innovative, customised and cost-effective training solutions.
- Developing teaching/learning and assessment resources aligned to industry.
- Applying contemporary competency based learning techniques.
- Designing programs that teach both technical and soft skills.
- Designing and deploying competency frameworks.
- Designing and producing learning materials in a variety of media, including online solutions.

#### Evaluation

We have experts in evaluating training models and programs and recommending improvements.

## Why NMTAFE

Our mission is to nurture participation, productivity and aspiration for our learners, our industry and our community.

- Training is focused on preparing/upskilling students for jobs requiring 21st Century skills.
- Our programs and lecturers are engaged with industry.
- Our lecturers are required to be vocationally current.
- Learning is practical and hands-on.
- Work experience is integrated with classroom learning.
- Excellent industry standard facilities and equipment are available on campus.
- Students receive credits from Diploma/Advanced Diploma courses to pathway to university.

### NMTAFE has;

- provided training services to international clients for over 60 years.
- delivered training throughout China, the Middle East, Africa and Asia.
- designed and implemented training based on client needs.

## Partnering with NMTAFE

Our flexible approach and extensive expertise in training design and development means there are a number of ways we can partner with you to:

- Deliver selected skills sets/micro-credentials from the Australian vocational qualifications to local students in partnership with local training institutes.
- Provide a training needs analysis relevant to the selected industry.
- Provide an assessment of an individual's relevant prior learning (formal and informal) to determine the credit awarded towards an Australian vocational qualification.
- Develop and deliver world class teaching, learning and assessment resources aligned to industry standards.
- Design and implement national or industry frameworks to assess competency.
- Deliver teacher training programs to provide skills for competency based teaching.
- Enhance pedagogical, professional development and research ability as VET trainers; and
- Enhance student opportunities for local employment and work placement.
