OVERVIEW FOR PARENTS AND STUDENTS

This brochure contains information on courses offered by North Metropolitan TAFE (NMTAFE) as Vocational Education and Training Delivered to Secondary Students (VETDSS).

What is VETDSS?

VETDSS is a program delivered to Year 10, 11 and Year 12 school students as part of the Western Australian Certificate of Education (WACE).

VETDSS courses are specifically chosen to provide students with clear career pathways after high school. VETDSS courses give students practical skills and an understanding of what to expect from the workplace and, once completed, may provide credits towards other nationally recognised qualifications, or lead to employment.

NMTAFE offers a range of courses and pre-apprenticeships as part of our VETDSS programs.

Why choose VETDSS?

- Gain a nationally accredited VET qualification and units of competency while completing your WACE;
- Develop practical, industry specific employability skills;
- Gain an understanding of the world of work, providing you with valuable experience to assist with planning and pursuing your career pathways; and
- Attend a NMTAFE campus one or two days per week to complete your course and participate in your normal school program on the other days.

Eligibility

NMTAFE offers VETDSS courses to all secondary school students throughout the Perth metropolitan area.

To be eligible to apply you must be:

- Completing Year 10, 11 or 12 in 2027.
- An Australian Citizen, Permanent Resident or temporary resident holding one of the following visa types:
 - » holders of a sub-class 300, 309, 444, 445, 449, 461, 785, 786, 790, or 820 visa;
 - » secondary holders of a temporary visa of subclass 188, 457, 482, 489, 491 or 494 visa;
 - » holders of a Bridging Visa E (subclasses 050 and 051) where the visa holder has made a valid application for a visa of subclass 785 or 790; and
 - » holders of a bridging visa who are eligible to work, and who have made a valid application for a subclass 866.

Fees and charges

Secondary school students undertaking VET courses as part of their secondary education including pre-apprenticeships in schools (PAIS) courses are exempt from tuition, resource and enrolment fees (excludes Fee for Service courses). However depending on the chosen course students may be required to pay incidental fees, obtain a First Aid Certificate from an external Registered Training Organisation such as St John, purchase a uniform, protective equipment, text books or trade equipment/tools.

How to apply for a VETDSS program

Please contact the VET Coordinator at your school for information on how to apply.

Applications for 2027 open Monday 20 July 2026 and close Monday 31 August 2026.

Our VET Delivered to Secondary Students courses are extremely competitive, therefore it is recommended you provide as much evidence as possible to support your application. These documents must be uploaded when applying through our online application system.

To complete the application you will need:

- Western Australian Student number (WASN). This can be found on your school report or speak with your school's VET Coordinator;
- Unique Student Identifier (USI) number. If you have not already created an USI then you will need to visit www.usi.gov.au/your-usi/create-usi ;
- Year 9, 10 or 11 school report in an electronic format i.e. PDF ('C' grade or above in General Mathematics and English is required for all programs);
- OLNA (Online Literacy and Numeracy Assessment) Report (if applicable);
- Parent/guardian email address and mobile phone number; and
- A Student Statement outlining why you should be selected to participate in the course (please note there is a limit of 1000 characters that can be entered in this section).

The school will be asked to endorse and support the application before the selection program begins. For more information, please contact your school VET coordinator.

For further information regarding our VETDSS program, please contact

E VETDSS@nmtafe.wa.edu.au

GENERAL INFORMATION

NMTAFE is the premier training organisation servicing the inner city and northern metropolitan area of Perth, with campuses in Perth, Mount Lawley, Leederville, East Perth, Nedlands, Joondalup, Clarkson, Balga and Midland.

Attending a VET Delivered to Secondary Students course

You are responsible for your own transport arrangements to and from the NMTAFE campuses.

You are also responsible for ensuring that you attend all scheduled classes, including those that may occur on a school designated pupil free day. Attendance will be recorded and any absences are reported to your school. The school's VET Coordinator will be contacted to discuss the appropriateness of a student continuing if there are repeated absences.

You are required to inform your lecturer in advance if you will be absent from any scheduled classes. Poor attendance may mean withdrawal from the course.

Student responsibilities

As a student attending a VET Delivered to Secondary Students course at NMTAFE, you will have the opportunity to learn in an adult environment with students of all ages and diverse backgrounds.

There is an expectation that when attending classes you will assume a greater responsibility for your own care and safety than may be the case when attending school.

As with all students enrolled at NMTAFE, you are expected to adhere to the [Student Code of Conduct](#).

While attending NMTAFE, you are under the supervision of the lecturer taking the class.

You will not be supervised during break times.

You are expected to remain within the college grounds unless you provide your lecturer with written notification from a parent/guardian or the school that you intend to leave the college during break times or earlier than the advertised class finish time.

Work experience

Some courses may involve work practice/experience to support the learning program. Under each course you will find details of any work practice requirements. You will be required to document work practice hours and provide your lecturer with a copy of your logbook. You will be responsible for arranging your own transport to and from the workplace.

What you will need to bring

Under each course you will find a list of items that you will need to bring with you to complete the course.

What you will need to wear

You are not required to wear your school uniform when on campus but you are expected to dress appropriately. Where special or protective clothing and/or footwear is required, it must be worn without exception. If you forget to bring protective clothing you will be excluded from the campus workshops/classes and your school will be informed.

CAMPUSES

Balga

Our Balga campus is a hub for building and construction training, offering a wide range of trades including bricklaying, carpentry, electrical, glazing, plumbing, plastering, tiling, and more.

You'll train in modern facilities using industry-standard equipment, building practical, job-ready skills. The campus also supports a diverse community of learners, including international and migrant students developing English through dedicated programs.

Clarkson

Our Clarkson campus is hub for trades training in Perth's northern suburbs, offering a wide range of pre-apprenticeship courses including bricklaying, plastering, tiling, carpentry, joinery, metal fabrication, and electrical trades.

With dedicated workshops and open training spaces for each trade, you'll learn in a hands-on, real-world environment. The campus is easily accessible by bus from Clarkson train station.

East Perth

Located in the bustling business district, our East Perth campus is just minutes from cafés, shops, and convenient public transport, including free CAT buses—making it easy to get to and from campus.

The campus specialises in sustainability and renewable energy, building and construction, mining, surveying, engineering, and science and technology. As our dedicated resources industry precinct, it features industry-focused training and is home to our Mining and Green Skills Training Centres.

Hazelmere

The Heavy Vehicle Training Facility in Hazelmere offers a purpose-built environment where you can gain practical skills for careers in transport and logistics. Train using real industry equipment, including heavy rigid trucks and forklifts, in hands-on driving areas designed to replicate real workplace conditions, alongside modern classrooms for theory learning.

Located in one of WA's key logistics hubs, the facility connects you to real job pathways in transport, warehousing, and freight. It's ideal for students starting their career journey and looking to build confidence, skills, and job-ready experience in a growing industry.

Joondalup (Kendrew)

Our Joondalup campus is set in a stunning lakeside environment surrounded by native wildlife, including birds and kangaroos. Located within the Joondalup Learning Precinct, it's co-located with ECU, the WA Police Academy, and the City of Joondalup, creating a vibrant learning hub.

Just a short walk from Joondalup's city centre, shops, and cafés, the campus offers easy access to bus and train services, connecting you to Perth CBD in under 25 minutes.

Joondalup (McLarty)

Located on McLarty Avenue in Joondalup, this campus specialises in health and wellness training. It features a state-of-the-art simulation hospital, giving nursing and health students real-world experience in a fully equipped clinical setting.

Just a five-minute walk from Joondalup train station, bus interchange, and Lakeside Joondalup, the campus offers convenient access while preparing you for careers in healthcare.

Leederville

Located in the heart of Leederville, this campus is just a short walk from the train station and surrounded by cafés, restaurants, and shops—making it a vibrant and convenient place to study.

The campus focuses on human services, with training in community services, education, early childhood, aged care, disability, youth work, and mental health. Creative music students also train here in a professional recording studio and live performance venue, with access to full staging, lighting, sound production, and our student-run BOOM Radio station.

Midland

Our Midland campus is just five minutes from Midland Station and the shopping district, set among the natural surroundings of Perth's Swan Valley. It is home to a specialist METRONET Trades Training Centre, supporting skills for railcar manufacturing and rail network maintenance.

The campus features purpose-built trade workshops, a working hairdressing salon, an operational nursery, and a conservation and land management site—giving you hands-on, real-world training across a range of industries.

Mount Lawley

Mount Lawley campus is conveniently located just a five minute walk from the bustling Beaufort Street café strip and close to public transport.

Known for its focus on health services, our campus features a state-of-the-art simulation hospital. The facility gives our enrolled nursing and health students a strong understanding of what it's like to work in a hospital environment.

Perth

Our vibrant Perth campus is located in the heart of the Perth Cultural Centre, adjacent to the Blue Room Theatre, Perth Institute of Contemporary Arts (PICA), Art Gallery of WA, State Library of WA and WA Museum.

Our proximity to the Perth Cultural Centre means our Perth campus is the place to go if you're looking for a career in the creative industries. The central location also makes it a great ideal for our business, finance, English and language courses.

JOB OPPORTUNITIES

Assistant Designer | Studio Assistant | Production Assistant | Sales Assistant | Retail Visual merchandiser | Object/ Model Maker | 3D Design Assistant | Design Administration Assistant | Creative Production Assistant | CAD/3D Visualisation Assistant | Fabrication Assistant

LEARN HOW TO:

Build hand-on skills in wearable design, opening pathways into jewellery, object and product design, as well as broader creative industries.

Love designing wearable pieces? Learn how ideas become real objects – from concept to 3D model – create your own jewellery and designs while building hands-on skills for future pathways in design and making.

COURSE OVERVIEW

 **When**
Thursday

 **Where**
Perth

 **Start and duration**
Year 10 or 11 start
1 year [4 terms] duration

What you need to bring

-  Pens or pencil and notebook
- Closed in flat footwear or work boots
- Hair must be kept off the face at all times, if it is long, it must be tied back securely.

Informed choices - is this course right for me?

This course could be a great fit if you:

- Have creativity, imagination, and artistic flair
- Enjoy solving problems and thinking outside the box
- Pay attention to detail and love bringing ideas to life
- Are a good communicator and enjoy working in a team
- Are open to sharing ideas and collaborating with others

If you're curious about how everyday things are designed and made — and you're keen to create original work alongside like-minded classmates — this course is for you.

HEAR FROM OUR STUDENT

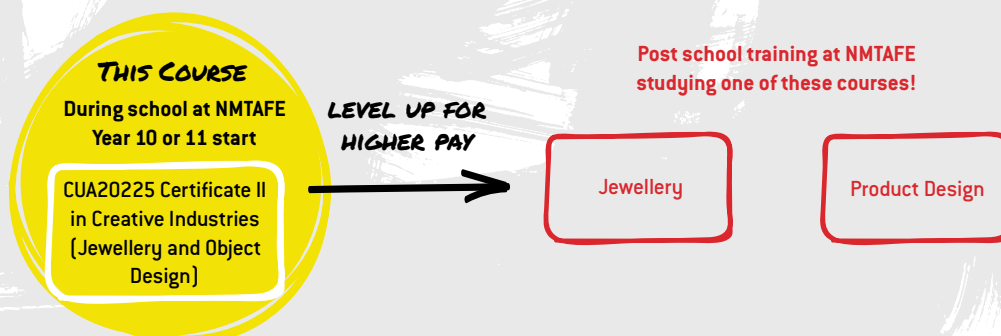

NMTAFE nurtured that curiosity, prepared me for university, and laid the foundation for who I am today. I'm forever grateful for the skills, the space (I still think about the anodising room), and the incredible lecturers. I want to carry forward that encouragement to emerging creatives and inspire them to never give up.
